HARES: The Central Posse

RUN: #822

RUN SITE : CLAXTON BAY

*Claxton Bay! Black smelly mud! That was all I could remember from last years' experience and could still remember the smell from that mud and how one man fall down in de mud and come out half blackoh gyad!!!! But as we gathered things looked a bit hopeful, and no boasting of "de bess run of de year" just what seems to be the new thing for the hash, is having about 8 hares for ah run and then we got de on on to head out in de same direction of last years' run "oh sh*t". But we finally get to see a better side of Claxton Bay with plenty of back checks, ah loose count after about the first 4 and then we had a sight for sore eyes, ah beer stop!!!! So de run turned out to be better than de last one and to top it off some free doubles, ah hose down and a few wet T-shirts, and some fella take de hose and start wetting another fella, so ah stop watching and leave them to their business, then came the down downs and virgins popping up from all over, one man ashamed to be called "ah virgin" and don't want to come out while his wife was the first in line, maybe she was?!?! Still?!?! After all de down downs I hear de "Iron Lady" callin my name so ah went up, next thing I end up in a dunking tub to officially get my very own hash name.... after that dunk ah was lookin for ah Q-tip to dry up some excess water in meh ears. So now ah know that Claxton Bay have other terrain to hash besides that black smelly mud!!!*

From the Office of the Iron Lady

What is it in a name? It is said that your name could give you a certain power and confidence, but then there are some of us who have names and wonder why meh mother call meh that. Well a lady name Party Animal got the Fit Fast and Female jersey this week (ah wonder how she get that name?) Central Posse got their name simply because they come from central. Now they are remembered by many because their run was 2011 Dirtiest/Muddiest run, so when people heard we hashing in Central, our noses tingled because those of us who did the run remembered the smelly mud....anyway this run was excellent, the front running bastards ran.....long X's all that in it.....it kept the pack together....beer stop....doubles....DJ....and roti to go Central everyweek to eat....even Kurma for Divali.

Down Down time, beer flowing like water, everybody belly fully from the curry, so it was time to welcome the virgins, about 15 of them even one looking like Haniff (it was his brother)...good to see you to Haniff. Now you know anything could happen in a circle, so the virgins drank their beer from their shoes without anyone complaining. Then it was time for the official hash naming ceremony this was done using a dunking machine, once your name was called you had to climb into the barrel and sit and wait until the target was hit and then you would be emerged into the water and your hash name announced.

The following are list of hash names for 2012 :

Marita Guevara – Deep Throat Bumper Sticker
