Heading up to Cumuto wondering how this run will be. Experienced hasher but old An you know what happens with age, you tend to forget. Nevertheless, I decided to attend the hash. Drive was not bad on the way up, traffic was normal weather was nice. As we got to Cumuto looking for the necessary HHH signs we almost did not see them. These old men decided to take cardboard with a black marker and stick the signs on the lamp post that was merely visible to the naked eyes. Only to realize that they all wearing glasses when they put the sings up so to them it looking big....

We found and got to the site in the quarry pit. Since when hares telling people where and how to park like Jack traffic police... 'O that spot is for the beer van'..... stupes.... Telling about 7 vehicles they can't part there. Maybe we should get no parking sings for the beer van if they can come early. I'm noticing that some people are taking the 3 30pm start time for a kiss me Ass joke. We always waiting for people who coming late. When you late I think you should focus on chilling the beers, watching the cars or probably just washing the vehicles that dirty...

The Run

So the run did eventually start after 4pm never the less and the usually ON ON was the call in the wrong direction where we meet an X. eventually we found the correct path and the hash started. Uncle Ray and his boys like they were having some issues with themselves. The run had more picker and thorns than the ones Jesus Christ wore on his head when he was crucified. No wonder they telling people to wear long socks.... from razor grass to more picker and thorns on this hash up the little hills that the run had, the brown river and up the ravine/ drain they calling tributaries I think Sheldon have an issue, every God dam run he always seeing a snake. We running after 10 runners past he shouting in the back snake, snake.. I don't know as a boy if the man had an issue with snakes. Or maybe he needs one....

So after about 1hr 20 minutes the run was finally over! Another well set run by the oldies... its was time to change and get organize to eat, have some drink, bathe and get ready for the awards. Roger his wife and their friend was entrusted with handling the food... little did we know they were playing Jesus Christ ! walked with 20 Bake and Shark to feed 60 people.... Cause half the hash eh get any food ... an out of the 20 they brought, the Asian lady took 4 to eat like is Sushi .

Everybody know it was nice seeing Eggy for the first time since his migration from T&T. Only to realize his RAM behavior did not leave him. He and Hollywood AKA Christian are in due battle over this lady. Is the first time I see a man after taking a cow boy shower sprayed so much perfume on himself hoping that will change his luck. Only to realize Eggs still has all his charm ... so she stayed closer to Eggs and Hollywood was left on the chair all by himself to mope with a drink like he lost his Mojo....

Then we have Taz Ash was not present in the hash no body know why.... So she decided to wear these HOT white shorts to give men ideas in the sand pit in Valencia...
